

One and Only

twi 3/26/95

Where there's smoke, I'll be your fire.

When you need someone to hold you, I'll be your desire.
When you cannot sleep at night, I'll make you tired
And when the sun goes down and you're lonely
I'll be your lover, your one and only.

When you can't stop, for fear of growing older
When the world in which you live grows ever colder
When the game in which you play keeps starting over
I'll take the weight of the world off your shoulder
I'll be your lover, your one and only.

Bridge: We all need someone to comfort,
when there's confusion all around,
When the world is just an illusion,
got to be someone, got to be someone on the ground.

You know all broken hearts, just need a little mending
and all lost souls just need defending.
When the troubles that you face, seem never ending,
I'll be the one you call when you're lonely
I'll be your lover, your one and only.

Interlude

You know all broken hearts, just need a little mending
and all lost souls just need defending.
When the troubles that you face, seem never ending
I'll be the one you call,
Don't hesitate at all,
you don't ever have to lonely,
I'll be your lover,
Your one and only.
Your one and only.
Your one and only.

*Written in the key of A, though it easily could use a capo to raise it to the key of B or C
I was very proud of my playing the rhythm of the arpeggio notes - I wasn't able to do that before this song.
The secret to the song is that the promise is a plea.*
